Brian,

It has been brought to my attention that the book Bag of Bones remains in a number of JSD schools (specifically referenced were Copper Hills HS, West Jordan HS, Herriman HS, and Riverton HS) and yet this book appears on its face to violate the bright line rule/objective standard from HB29 (2024) and UCA 53G-10-103(e).

This content certainly rises to a level beyond anything I would be permitted to quote or recite in a legislative meeting of adults. Would you please review and submit this book for challenge inasmuch as I am not considered a person authorized to challenge such materials? Here is a link to an analysis performed by concerned parents.

- **Violations Found:** Yes.
- **Page 77:** A character fantasizes in explicit detail, stating he wanted to "yank the bottom of her suit off and fuck her until we both exploded."
- **Page 225:** Contains a direct description of sexual intercourse: "...pushed her down on the boards, and finally cooled what was so hard and contentious, sinking it deep." It is immediately followed by the line, "My wife was dead and I was fucking her corpse."
- **Page 227:** A character describes himself as being "fucked hollow," directly referencing the act of intercourse from the previous pages.
- **Page 230:** A character recounts a dream in which he "screwed two women and gotten a handjob from a third," which describes intercourse and masturbation.
- **Page 331:** A character recalls a dream, describing "The slick, exquisite tightness as I slipped inside her."
- **Page 496:** Describes a sexual assault, using terms like "dry-humping" and stating, "They take her top and bottom, back and front, two and three at a time."
- **Page 497:** Describes the aftermath of the assault with references to "come down her throat, come running down the crack of her ass."
- **Page 501:** Explicitly depicts rape: "He slips it to her, what she's wanted all along, what all her kind want. He slips it in and sinks it deep. He continues giving orders even as he rapes her. Up and down his ass goes, tick-tock, just like a cat's tail."
