SECTION 2 Project/Program Information

Question: Tell us about your project or program and describe what the passthrough grant was spent on.

Hope of Utah is dedicated to empowering local community leaders and nonprofits that embrace American principles, seeks to unite communities, enhance education, and promote entrepreneurship within Utah. Aligned with the Woodson Center's Community Affiliation Network model, Hope of Utah supports other nonprofits by providing them with essential resources, a collaborative network, and small grants to establish and grow their missions. This support aims to build a stronger foundation for fledgling non-profits.

Question: Tell us how the passthrough grant award helped your organization.

It helped us better support our initial group of non-profits and helped them grow. We were also able to bring on other non-profits and help them get started on their journey. We provided help in the legal paperwork to get the organization set up as a non-profit, created videos, helped with creating social media platforms, helped with website creation and brochure designs, helped financially and provided manpower and other support at their events and service projects that they hosted. The grants assisted them in buying equipment and supplies they needed in order to serve their communities.

Question: Please tell us what you accomplished in relation to the "Performance Target" you submitted in your application. If you did not meet your target please explain why.

We were able to help 20+ non-profits. We helped them with the paperwork and funding to help get them started and helped to support and strengthen other non-profits that we had helped before.
