I don't remember that but we could still send it to him. Shall I make a formal report?

That came out in 1928 and has been in schools all over the place??? Remember this was the example they gave a the KSL editorial board... I wish we had this to have read in front of them right then and there and ask the head editor to have read that to the members of he meeting... He would have gone totally red in the face and refused to have read this just like Romero whined and bellyached when this came up in committee... but don't take it away from children... Amazing

The BEST is yet to come!!

Lady Chatterly's Lover, although published in 1928, does not look tame. I have included some screenshots.

Lady Chatterly's Lover, such as it is, is mild material compared to the many books rated 4 or 5 at [RatedBooks.org](https://wwwRatedBooks.org), many of which are still in Utah K-12 public schools, as reported by parents and concerned citizens.

I am afraid I don't understand the object of your email. I would be happy to address your concern to the extent I am able but I am afraid I am not quite sure what you are seeking.

Thank you for reaching out. Please clarify your concern and I would be happy to do my best to respond.

Kindly,

Ken

Dear Representative Ivory,

First of all, may I thank you for your work on behalf of the state of Utah.

On tonight's new, you participated in a discussion of banned books in our state. I was a little mixed up by your comparison of To Kill a Mockingbird and Lady Chatterly's Love to a proposed new banned book.

Lady Chatterly's Lover has been a banned book for its explicit material. I don't think you meant to list this DH Lawrence book as a paragon of young adult literature.

Thanks.
